Machine Are Champs But There Is Heartache For Both Wanderers

Hell Hounds Will Face Another Season In Division One

Park Make It 3 Cup Wins In A Row

The penultimate week. Machine are crowned champs and both Wanderers relegated. Who will take their place?

Champions & Commiserations

Red Machine (looking uncanny to Manchester Uniteds 2008 Champions League winners) celebrate their 2nd championship in 4 seasons!

The Perry Men	1
Red Machine FC	3

There was no mistake from Red Machine this week as they were crowned champions at last with a convincing display at White Hot Lane.

The Perry men set hearts a flutter with the visitors when they took the lead after only 8 minutes when Rio Daltrey fired in following a corner. This spurred the potential champions into action and Warren Bonham got his 5th of the season to draw Machine level.

Benny Great sent the visitors wild a minute into the second half heading in a Hemming Lassen-Kahlke cross and the party was well and truly underway on the hour when Geoffrey Finchs long range effort made no mistake of the 3 points, and what turned out to be the premiership winner. Machine totally dominated the match and went out deserved winners and deserved champions.

Red Machine are crowned champions for the 2nd time and both Wanderers are down. But there is still everything to play for, for promotion from Division One.

LS Premiership reports and reaction

Heartbreak for Wellington and Westcountry Wanderers and (inset 1) A Wellington fan vows his clubs return.

McFletch Faces Up to Future

The Perry Men were truly thumped at home by the now newly crowned premiership champions The Red Machine, luckily for McFletch and his men results elsewhere went their way meaning The Perry Men once again remain in the top flight next season. McFletch spoke candidly after the game, 'To be honest we haven't been good enough this season. Luckily for us two teams have been worse. There's strong competition coming up from the division below, unless we raise our game we could be in trouble. For now though we'll celebrate survival and look forward to welcoming the Northern Twatmeister and his sheep shagging shits to the Lane for one last pointless game.'

Champions.....for the 2nd Time!

The final whistle blew at White HOT Lane, where The Machine claimed a 3-1 away victory and with Egloshayle Park FC only drawing against newly relegated Westcountry Wanderers. Red Machine FC became the first club in LS Premiership to win the championship TWICE.

A jubilant Red Manager FC manager Couch was truly ecstatic for his teams achievement this season.

"It is always my goal when any season starts, that we are crowned champions, this season

I thought would be the most difficult to date. With The Rising Deck, Egloshayle Park and DUAO all vying for top spot. At some point during the season, each club had their moments, but each one couldn't sustain the consistency needed over a complete season. For us to win the title with a week to spare speaks for itself."

Asked of what the celebrations will involve. "We still have one more game to win at home in front of our fans. After that, a open bus tour is planned around the fishing villages of Cornwall showing off the much coveted trophy. Then the celebrations will commence of drinking copious amounts of real ale.....and a pasty of course."

"I will be attending the cup final today between title pretenders Egloshayle Park FC(who are just a cup team) and DUAO. I think the result is already decided, but I wouldn't be surprised if DUAO mounted a extraordinary comeback this afternoon."

"I am looking forward to taking the trophy off the hands of The Rising Deck, who obviously melted this season under the pressure of defending the title (thanks Magic). And bring on next season for us to become the first side to retain the title for two consecutive seasons."

Decks Sigh Of Relief

Wellington Wanderers	0
The Rising Deck	3

With matters at the top settled there were matters at the other end of the table, with equal importance for those involved. Wellington and current champions Rising Deck had premiership survival on the agenda.

The champions dominated play and although both teams created chances in the first half it was the visitors who broke the deadlock. Robert Houdins long range effort found the target after 26 minutes.

The Deck continued their dominance in the second half and just 3 minutes in Godfrey

Smithies made it 2-0 with a header after a Criss Angel corner. With seconds remaining Deck made sure of Premiership survival and cast Wellington back to Division One when Smithies

All hope gone

Any chances of any last day magic was undone when Derren Brown knocked in Rising Decks first. After that point there was only one result likely and when Adrien Shiver got sent off after the Deck had gone 2-0 Eggmofo began planning for next seasons revival.

All in all the team probably wasn't well enough equipped for this season, but next year will all be Eggmofo trying to rebuild his teams battered spirit.

Hitman Hits Parks Title Dreams

Egloshayle Park FC	1
Westcountry Wanderers	1

With hopes of a slip-up from Red Machine, title hopefuls Egloshayle got off to the perfect start when the premierships top scorer scored from a trademark freekick in the first minute to give Park the lead and take his leagues tally to 7.

Although continuing to dominate possession and chances, Park could not add to their tally and were made to pay the price when James Hitman Heywood headed in an Isaac Troughton corner 13 minutes from time and end Parks premiership, and indeed, double ambitions, and to start the celebrations at the Cauldron.

Congratulations Red Machine

Egloshayle Park could not muster 3 points at home to Westcountry Wanderers, therefore Red Machines away win at Perry Men won them the title with a week to spare.

"We didnt lose the league today, we lost it in the first 5 weeks" said Mitchell. "Having said that, if you dont win a home game against the bottom side in the penultimate week then

maybe we dont deserve it. Overall Im pleased we came back from the dead in the title race but we need those level of performances from the START of the season throughout. Machine did that, and thats why they are worthy champions for the SECOND TIME. Well done Mr Couch." said Mitchell.

"I'd like to say well done also today to Westcountry Wanderers. We had to win, we were at home, and I picked the best side and tactics I could, and they drew 1-1 with us so fair play to them" concluded Mitchell.

Wookie Hole Stalemate

Down Under And Out	1
The Dark Destroyers	1

The race for third spot is still open with the contenders sharing honours at the Wookie Hole.

Errol Stephens found room in the box following a corner from Chelsey Gellar to put Down Under And Out 1-0 up, after just 3 minutes of play. In a tight match littered with bookings and freekicks Destroyers drew level just 6 minutes before the break when good work from Ka Ka created an opening for Sid Vicous to fire an equaliser.

The second half proved to be even tighter with neither side managing to take the initiative and grab the winner.

DUAO Hold Destroyers at Bay

A weakened DUAO side manage to hold the Dark Destroyers to a 1-1 draw at Wookie Hole. With Neither team having much to play for it was the Destroyers who looked hungrier for the win and may feel disappointed not to take away all 3 points.

Manger Wookie, who has been silent since his cup loss at the weekend gave the following comments.

"I had to play a few youngsters today to get those final few percentage points of experience up. The lads put in a brave performance against a stronger side, and thoroughly deserved the point."

"I'd rather not talk about the Cup fiasco at the weekend. We were expecting a final match on neutral grounds to find some dubious ground changes at the last moment by the League Admin, who also happens to be fielding a team in the final - tell me that don't stink! For the second time we have been dealt a bad hand in the cup competition."

"The only positive is that we'll have played them for the 3rd time in two weeks and they keep putting up their win bonus each time. They shouldn't think they have this Cup in the trophy room just yet; we'll be taking the game to them and looking to overturn the 3-0 deficit in the second leg. So if they want this Cup there're going to have to put up another million to their lads."

Temple Town Ends Hell Hounds Hopes

Temple Town	1
Hell Hounds	0

This was always going to be an extremely tight match, with so much at stake, and it turned out to be exactly that with Temple Town not only grabbing the points, but regaining top spot at such a crucial time.

Town dominated the first half but both sides created a couple of chances to score but ultimately, both sides went in at the break 0-0.

The all important decider was settled just 10 minutes into the second half. Ferdinand Tepper firing Town into a 1-0 lead, a lead they held on to to put an end to Hell Hounds promotion hopes, and fire Town to the summit, with destiny in their own hands.

Wazzy's Self Destruction

Sexual Ealing	2
FC Wazzy	0

If FC Wazzy fail to get promotion they will be kicking themselves for another 14 weeks in season 5 after losing in the penultimate week, and dropping out of a promotion spot.

Player-manager Paul Corrigan began the upset for the premierships hopefuls when he

headed in a 16 minute cross from Jo Perry.

In first half dominated by the visitors it stayed 1-0 to Ealing much to the frustration of Wazzy.

FC Wazzy pressed the self destruct button just 5 minutes into the second half when conceding a penalty. A penalty which Corrigan converted for his and his sides second, to leave Wazzy sweating on the final week to find out where next seasons destiny lies.

Tense final game for the Gardeners

A dejected Wazzy boss, Paul Warren, put on a brave face after today's shock defeat.

Having not been out of the top two all season, they find themselves 3rd with a solitary game to play.

"It was a tough game today" Said Warren. "We were up against a team playing for nothing except pride. The early goal gave them a real headstart. I believed that if we played our normal game we would soon be back in it, however, we lost 2 crucial midfielders to injuries and with the referee waving his cards around like he was directing aircraft, my boys naturally became nervous"

We need now to assess our injuries and focuss on the next game. Our destiny is still in our hands. If we win, we are promoted. Luckily, the two above us play each other so points will be dropped somewhere. We will be going to the Blues with one objective.... To win promotion!!"

Raiders were much the better side creating more of the chances in the second half but when it looked as though they would be staying in 3rd spot, up stepped Kit Munroe who made it 2-0 with 6 minutes to go. A win, on the final day will not only see the Raiders promoted, but also as champions.

Gamble paid off...just!

The gamble paid off for Irish Raiders yesterday when they fielded 2 of their young stars in place of more experienced players and they won by 2 goals to 1.

"It was nery but that was to be expected at this stage of the competition. I must admit I had one eye on goings on around the rest of the country while we were playing and was delighted to see Wazzy slipped up. It is now up to us to beat Temple Town but it wont be easy as they are on a good run at the moment. Lucky for us though two of their good midfield players are not going to make the game. It would be such a turn around for the club if we could win the division. When I took over we had just been thumped by Temple Town 5-1 and were stuck at the bottom of the division. Now we are within 90 minutes of glory. I just hope the lads dont crumble under the pressure like they did when we got hammered 4-1 by Wazzy a few weeks ago."

Morris' Swan Song

Essex Wanderers	2
Super Blues	0

There was little to play for at Rainham Marshes except pride and possiby a position or two up the table.

In a tight first half with little openings the solitary goal came from the home side. Morris Swan broke free of the Blues defence to grab his sixth of the season and Essex' opener.

The second half was equally as tight but there were more chances for both sides. Unfortunately for Super Blues it was the home side who managed to capitalise on theirs.

Swans long range effort taking his tally to 7 for the season and grabbing all 3 points.

We threw the sink and still lost!

What a disater, Super Blues manager threw everything including the kitchen sink at Bulley Boy but their more experienced team won the battle. With Counago sent off at the death this was a day to forget for the Blues. To be fair, we were finishing no where in the league anyway and wanted to go for it even though away from home and put 3 up front.

Just shows you can't do anything but play a boring defensive formation away from home in this league though until your team is more experienced. The youngsters are coming on well but they came up short today. There seems to be a lot to say for playign same fomatoin week in, wek out like Boring Bulley.

The Blues now only have to look forward to the last game of the season with Wazzy needing all three points to get promotion. With colleague Temple now looking certain for promotion, TB was quick to make it clear he would be doing no one any favours in this game.

We've worked hard to finish as high as possible in our first season and want to finish on a high but Wazzy will be coming to win and have a very strong side.

Egloshayle win 4-1 on aggregate

With a 3-0 deficit to overcome it was always going to be difficult for DUAO. Picking an attacking formation they certainly went for it but it was too much of a mountain to climb.

In an even first half there was little to choose between the two teams, and the early goal that DUAO needed failed to materialise.

The second half was barely a minute old when the winning the cup for a 3rd consecutive time became a reality when Diddy Hamilton crossed for Neil Richards to score from a corner.

The miracle comeback never occurred but Wayne Manger did manage to give the home side something to cheer when he equalised with 10 minutes to go. This was Parks 4th appearance in the final having won the last 3 and this time next season a new trophy will be introduced.

In The Press This Week

Fletch urges caution

Despite a well earned point against the obviously out of sorts Rising Feck, McFletch is refusing to celebrate premiership survival until the fat whore sings. 'Although with two home games left it's looking good, there is still a sequence of events that could see us go down. We will be preparing carefully for the next two games and the players will be under no illusions that they are safe from the drop. We owe it to the other teams in this league to always put out a strong team and go for the win' Infinitely wise words from the ever wise manager McFletch

realise that, win bonus this, win bonus that, nothing play for here, nothing to play for there, ive got a shit old team now, i will never win the league, i lost my nerve end of the season blah blah blah . . .

3-0

You would think if ANYONE would be moaning about the final being two legged it would be Egloshayle. DUAO should be GRATEFUL they have another chance, because if it WAS a one-off, they would have ended up the season yet again with FUCK ALL in their tiny empy cabinet.

Raiders take risk in team selection

Irish Raiders have today taken a big risk in their team selection and selected youngsters Wesley Sellers and Raymond Coote in their starting 11. When asked about the selection Alan had this to say,

"Yes I know its a risk today but I need all my players to be ready for the change report and I know Raymond and Wesley need 1 more game each to be ready for it. At the end of the day I am here to build a squad that will eventually be able to challenge for the big honours and nothing is going to deter me from that main goal. If we can win today I will need my strongest 11 next week to play Temple Town which could end up being a promotional game and there is no way i ams sending out a weakened team for that one. Ok yes we still need to win today to get to that situation but we should still be strong enough today to get all three points."

The fans are very nervous here around the stadium but most of them agree with the tactics of the Irish man.

Cup Excuses AGAIN. Fucking BORING.

Moan moan, admin this, admin that, weakened side, percentage points, next season, experience points, didnt realise this, didnt

Temple Town

With the last game now upon us, TT are decimated, with both star midfielders out of the game, Irish Raiders new to win as do Wazzy, we can't expect any favours from the Ipswich little town team. All players have been asked for the final performance to push the team through to the league above.

Alfred has been here before when playing the Westcountry girls last year, and coming away with a defeat and third in th league. the players are wiser for this and many of the players have cool characteristics hence under pressure they will rise to the task.

With Hell Hounds now out of it, TT with the best form in the league, it will be nail biting to the finish.

Wazza Plonker

DBTT manager Phil Jory was scathing of Wazza manager Paul Warren "I can't believe they lost to the Sexuals 2-0 - they have caused us to finish bottom of the heap - IT HAS FUCK ALL TO DO WITH THE FACT THAT WE HAVE BEEN AN UTTER LOAD OF SHIT, WANK, CUM STAIN ALL SEASON!!!! Meanwhile, he is expecting me to caddy for him today - where's that fake golf ball made of soap, that'll show him. Up the ARSEnal - yeah right up and sideways!"

Over The Season...

Egloshayle have been the best team. Thats the statement that the club has released although manager Mitchell is keeping a

low profile.

"Yes, the statistics show this, but I have to admit, I did want the league, but also, I want to win everything, basically the double." said Mitchell.

Basically the statisticians have taken into account that although Egloshayle are runners up in the league, by winning the cup they have had a more successful season than Red Machine. "I could bottle the cup and concentrate on the league like some teams, but myself and our boys dont know how to do that, we hate losing" said Mitchell.

Machine have played 15 in total, won 10, drawn 2 and lost 3, scoring 24, conceding 15 giving them a goal difference of +9.

Park have played a staggering 21 games, winning 12, drawing 4 and losing 5, they have scored an amazing 42 goals in this one season conceding 22 with a goal difference of +20 !!!

"Although we lost 3 games in the cup, we ensured we did enough in each leg to progress. Its all about juggling the squad and some would say because of playing 21 games I have done my job better. I dont want to get into that. Alex Ferguson is arguably the greatest manager around at the moment, because he tries to win everything, and doesnt channel all his efforts in ONE area. Maybe thats why United are where they are, and the likes of Liverpool are where they are." laughed Mitchell taking a cheap side swipe at Couchs beloved merseyside team.

Manager In The Spotlight

Wookie - 33 - Down Under And Out

Richard 'Wookie' Barton is a manager not short on confidence. He gained promotion in his first full season in charge and has been the team most likely to break into the top three. Right now his side is re-building for the near future and will be looking to cement his place in the Premiership next season. The league would be very quiet without him, and his Northern friend. We need characters like 'Wookie'!

Name: Wookie
Age: I've got to the age where I struggle to remember how old I am...33... I think

Football Management Experience:
Taught Alex Ferguson everything he know's.

Currently managing 4 teams in Xpert 11

Homelife:

Barely... since little Joseph arrived on the scene 4 months ago.

How have you found managing your team in XPert11 has it been easier/harder than expected?

A walk in the park

How have you found XPert11 overall?

Great fun...although dealing with my first relegation was a tough wake up call.

Have you told any of your friends/family?

Joseph seems keen on starting his own team...but he also seems very keen on getting an Xbox 360 and a fishing boat too.

Is winning games or being entertaining more important to you?

I don't think it has to be one or the other

“Great is too feeble a word to describe my superlative magnificence!”

Tell us a bit about your XPert11 Team. Are you satisfied with how you are playing? Your position in the league etc?

I picked up an aging DUAO side 2 seasons ago and gained promotion straight away. This season has been about transformation with many older players leaving and a bunch of youngsters coming in. It's going to take 2 or 3 seasons for us to be challenging for top spot. Next season will be very much about survival for us.

What is your secret to great team building?

My book titled How to be the Daddy at Xpert 11 will be

available at most leading retail outlets at the end of the season.

Would you say you are 'tactically great' at X11 or does your team depend a little on luck?

Great is too feeble a word to describe my superlative magnificence!

Do you see yourself playing XPert11 long into the future?

No..I see a computer screen a photocopier and the view over Palmerston North. However I do hear voices in my head..if that's of any use?

Who are you, when you aren't a manager on XPert11?

I'm still me...said one of the voice in my head

What would you like to see added to the game most?
strip clubs

What is your short-term/long-term plans in this league?
Win the title 3 consecutive years

Who is the best player in your team and who is one of your 'characters' in the dressing room?

Ben Windsor is a striker that everyone would want in their team, and Andy Blackmoor is one to watch for the future. As for characters Seth Bartlet is one for practical stunts. Just the other day he put a whoopee cushion under new boy Wayne Mangers chair – ohh how we laughed.

Who in your team should we watch out for in the future?

Ooops - I just answered this

If you could have any real-life player playing at the moment, who would compliment your team the most?

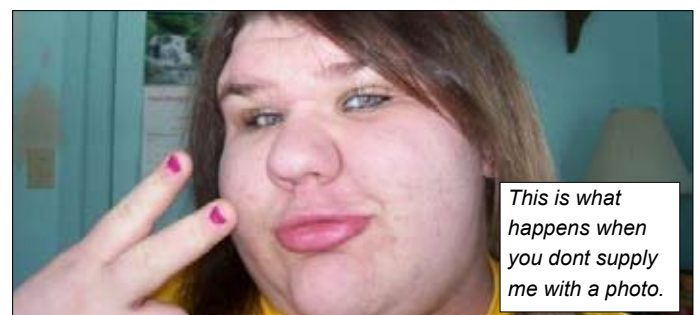

If I was to be sincere then I'd probably say myself

Which managers do you feel are your closest rivals?

No one comes close

Who is your tip for the title?

Hmm that's a difficult one....Westcountry Wanderers perhaps???

This is what happens when you don't supply me with a photo.
